

edyn

edyn portal

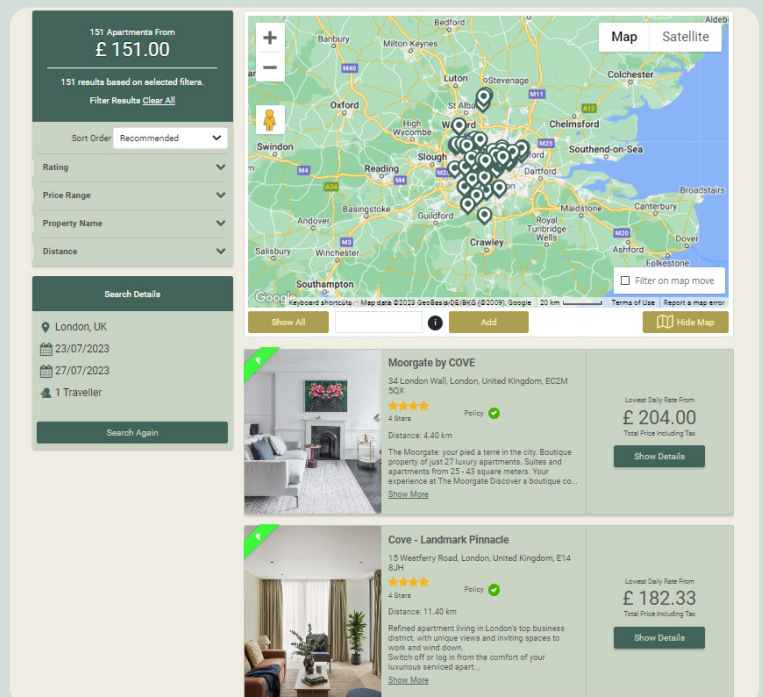

Your portal to easier extended-stay

Your personalised platform to book and modify business travel arrangements that's configured to your company's travel policies. Combining great functionality with human support at every step, the edyn portal gives you access to more than 80,000 apartments in over 260 destinations across the globe.

Whether for single trips or long-term projects, book everything seamlessly from one easy to use platform.

Portal benefits:

- **Highly configurable** – Configure any aspect of your policies on an individual, cost centre or company-wide basis
- **Live booking** – Make instant bookings in real time
- **Easy modification** – Request to cancel or modify upcoming bookings easily
- **Single sign-on** – One login to manage all your business travel needs
- **Easy integration** – Simple to connect to your internal systems to aid compliance and duty of care
- **Mobile optimised** – Seamless user experience whether booking on mobile or desktop
- **Secure data environment** - GDPR compliant data storage
- **Track 'reason for travel'** and display selected rates/properties based on selection

Soulful Hospitality.

- **Authorisation & approval rules**

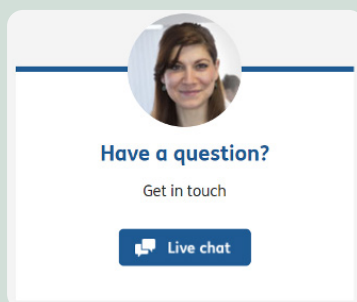

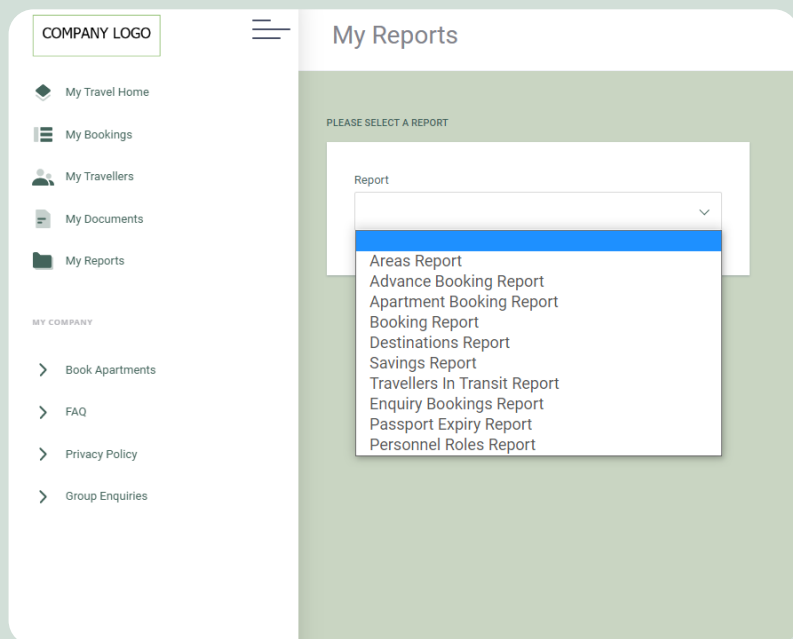

- Set bespoke authorisation rules and approval flows by individual, department or cost centre

- **Email notifications**

- Automated notifications of booking confirmations, modifications, and cancellations to your chosen individuals

- **Advanced reporting:**

- Global dashboard displaying all live occupants / travellers in transit
- Search all bookers, journey details, company specific references and status
- Booking analysis for volume and conversion

Added support:

- Live chat support from your dedicated client services team
- Automated internal notifications to increase efficiency
- Integration support with risk/emergency travel providers*
- Integration support with expense management providers*

*Can be integrated bespoke subject to third party agreement

We will work pro-actively with you to implement a bespoke, all-encompassing solution based on your current and evolving needs to support you and your programme.
